

Policy: Graduation Requirements

The goal of the program is to graduate a professional that will understand the concepts of radiography and be able to function as an entry-level technologist. The program will issue a certificate of completion to a student, only if ALL of the following are successfully completed:

- Didactic courses with final course grades of C (77%) or higher
- Clinical rotations with final course grades of C (77%) or higher
- All Required General Patient Care and Clinical Procedural Competencies
- Clinical make-up time (in excess of allotted PTO)
- Tuition and fees paid
